

# Michigan League for Public Policy Community Engagement

mlpp

## Mission

The League uses data to educate, advocate and fight for policy solutions that undo historic and systemic racial and economic inequities to lift up Michiganders who have been left out of prosperity.

Founded in 1912, It is the only state-level organization that addresses poverty in a comprehensive way and analyzes the impact of state and federal budgets and policies on residents with low incomes.

## MLPP's Focus Areas

Education

Healthcare

Basic Needs Programs

Jobs & Economy

Social Determinants of Health

Immigration

## Community Engagement Team

Our team strives to make sure that MLPP's work remains community driven by amplifying the voice of the community and equipping our partners (that's you!) with the tools needed to effectively advocate for your priorities.

- **PARTNERSHIP & CONNECTION** - We connect with you as thought partners, sounding boards and microphones to support your advocacy and uplift your organization's work.
- **RESOURCE SHARING** - Whenever we can, we connect you with resources like **data**, **policy analysis**, **communications support** and **budget analysis**.
- **TRAINING** - We equip the community to advocate by providing tools through educational training. These trainings include our **Advocacy Boot Camps**, hosted by MLPP, and **Advocacy Trainings** that can be brought on site to you and your stakeholders.

## Community Engagement Staff

**Jayme Vosovic**  
Community Engagement Director
